Title:	Primary Care Cancer Group 2024-25
Date:	10/01/2024
Version:	DRAFT v0.1
Owner:	K Campbell

West of Scotland Cancer Network Primary Care Cancer Group Work Plan 2024-25

	Actions Required	Lead	Due Date
1. Continuous Development and Education in Primary Care			
1.1	Continued provision of education and awareness; focussed events on relevant topics, new initiatives and changes in practice	PCCG Clinical Lead/ PCCG	Ongoing
1.2	Explore possibilities, at Regional and National level, to deliver support for a Primary Care educational programme	PCCG Clinical Lead/NPCCG	Ongoing
2. Engage with GPs and Primary Care Teams, acting as a conduit for communication in regards developments in cancer treatment and care			
2.1	Periodically, produce a newsletter to communicate national and regional developments in cancer, providing opportunity to incorporate information on local Board issues and activities	PCCG Clinical Lead/ PCCG Manager	Periodically; 2-4 each year
3. Address inequalities in access to cancer related testing and investigations			
3.1	Promote improvement in local symptomatic pathways to achieve regional equity; engaging with secondary care to review evidence and potential impact on pathways	PCCG Clinical Lead/ PCCG/PCCG Manager	Ongoing
3.2	In alignment with National Cancer Recovery Plan, continue to promote primary care access to CT imaging	PCCG Clinical Lead/ PCCG/PCCG Manager	Ongoing
4. Determine changes in service provision, within primary care, which might help facilitate implementation of improved patient-centred care			

	Actions Required	Lead	Due Date
4.1	Help to inform work, led by tumour-specific MCNs, to improve existing service delivery models	PCCG Clinical Lead/ PCCG	Ongoing
4.2	Engage with new and emerging service improvement initiatives, particularly those that involve new and revised IT systems, eg, Treatment Summaries and Regional MDT Improvement Programme, to help inform design and development of effective and sustainable solutions	PCCG Clinical Lead/ PCCG/PCCG Manager	Ongoing
5. Consider impact of new Cancer Strategy and immediate implications of initial 3-year plan on Primary Care Services			
	Consider what actions may be required within Primary Care service provision in response to the new Cancer Strategy	PCCG Clinical Lead/ PCCG	Ongoing
